Bottom to top of custom upgrades by ASID Interior Designer and AIA Architect in 2008!! ELEVATOR running from main floor to upstairs and lower level. 2 HVAC systems with separate thermostats. Moldings, baseboards, wood trim paneling throughout Hardwood floors on main with carpet up and down. Modern kitchen with passthrough to Dining room; spacious breakfast area open to outside fenced utility area that has a natural gas line for grill. Large pantry closet with water shut off in it. Main bedroom has built-in shelving and drawers in the dressing area. Covered tile patio overlooking the ponds and a lower level patio off of the rec room that has an electric fireplace. Laundry on 2nd level. All electric interior and cable wiring were replaced. Replaced sliding glass doors with interior blinds and screens; recessed gold alzac lighting with lutron dimmers throughout. Amazing amenities.
